

Compatibility

Metrolog P10 Series smart pneumatic valve

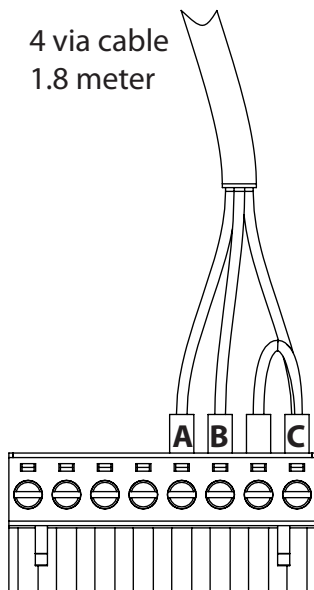

Order code: **IS101**

Additional documentation: www.metrolog.net/p10

Specification

4 via cable
1.8 meter

BR8F connector
(connect to the rear panel
of P10 valve)

Characteristic	Value
Sensing distance	5mm maximum
Compatibility	Metalic parts, ferrous or non-ferrous
Protection grade	IP67 (sensor)
Working temperature	-25 ~ 60 °C

	Wire color	Function
A	Blue	Power supply - COMMON (-)
B	Black	Sensor input - Signal (C)
C	Brown	Power supply - AUX +24VDC
	White	Sensor input - Signal (A)
		Not connected (isolated)
